EXPERIENCE

Hess Collection Winery, Napa, CA — *Visitor Center*
August 2014- October 2015
Used a POS system to process transactions. Prepared food plates for guests.

Rutherford Grove Winery, Napa, CA — *Cellar Worker*
August 2014 - January 2017
Worked in the production of wine. Helped the winemaker develop wine blends for future vintages.

Napa Valley College, Napa, CA — *Supplementary Instructor*
January 2018- April 2019
Supplementary instructor of chemistry. I had tutorial sessions with students where I answered any questions they had, retaught lessons, and prepared them for exams.

EDUCATION

UC Berkeley Extension, Berkeley, CA — *Full Stack Web Developer*
September 2020 - March 2021
The full stack web development boot camp teaches us front end and back end web development.

Napa Valley College, Napa, CA — *Associate in Science in Natural Science and Mathematics*
January 2015 - August 2019
The associates degree is awarded to those who have completed courses in Mathematics, Physical Sciences, and Biology.

PINK
FLOYD
THE
WALL

Artist: Pink Floyd
Album Title: The Wall
Album Duration: 1:21:47

…

This was the very first group project we had. Duration Station allows users to search for their favorite music and get information on the time it would take to listen to an album. This makes it useful for situations where one could listen to an album as a way to keep track of how much time has passed.

Technologies: HTML 5, Javascript, Materialize, jQuery, CSS 3
